BEAN —

The use of the bean
shape was wise.

BEAN

Great responses
to questions.

Bean

Would have liked
to see a deeper
exploration of ethical
issues related to
NLP in presentation

Bean

- Make it Stew
Jelly beans as a
motivation!!
- figure out how to ethically use
dispose of data.

Physical interaction
with BEANS in the
same physical spaces
each BEAN having
its own voice and
creating a responsive
dialogue among BEANS

bean -

- ethically questionable
for edge cases -
extreme.

bean -

- many options for expanding this project!
- fun and good branding

BEAN

CAN ARDUINO
DO THAT?
